JOIN THE FUN
AND
MAKE NEW FRIENDS

Developing the skills to succeed

Whether it's singing, dancing, comedy, or acting, our members have amazing skills they want to share in a show full of energy and show-stopping moments. We are developing our young people in theatre and performance technique, as well as building confidence, resilience, leadership, independence, and teamwork that will stand our young people in good stead whatever their futures hold.

Building connections

Bringing together people from differing backgrounds from across the region, we're creating connections and collaborations that we hope will last to build a strong future for our show.

Skills for life

We know Gang Show actively engages and supports young people in their personal development, empowering them to make a positive contribution to society. It gives young people the skills to achieve the remarkable and opportunities to develop a deeper understanding of our rapidly changing world. We aim to have a positive impact on society with our members more physically active, leading healthier lifestyles, and with the courage to try new things. We want to develop the skills to succeed regardless of academic ability and develop happy, resilient, and confident people who are responsible leaders and team players. We want our members to be active citizens in society who can develop strong friendships, with care, trust, and respect for others from all backgrounds.
